I-20 and West of Carrier Parkway)
Grand Prairie, Texas 75052
Tel: 972-237-5772

PURPLE MARTINS

This month our 2nd Vice-President Tim Hammonds has put together a great Purple Martin program. He wants to make sure that already established and “wanna-be” Purple Martin landlords will be successful in attracting our wonderful Purple Martin birds to their colony set-ups. This is a very timely lecture. In north Texas we will see our very first Purple Martins already arriving in February. So we’ll need to be ready for our friends.

Again we will address all important Purple Martin questions you might have. Please bring your last season (2010) colony Martin data sheet with you. We are still looking for input. Tom Pearson will thank you. As always we hope you can bring a Martin landlord friend with you.

Please visit our PMLNT Website:
